

Get contracted—faster and easier

Crump's easy-to-use, electronic contracting tool allows you to quickly submit contracting and appointment requests to one or multiple insurance companies. The process begins by importing your National Insurance Producer Registry (NIPR) data, which saves your specific information for current and future contracting and appointment requests.

Get started...

1. Log in to your Crump website
2. Click Appointments in the right column of the homepage to view active and pending contracts
3. Select Pre-Appointments or Get Contracted, as applicable

Review Crump's [Frequently Asked Questions \(FAQ\)](#) for additional information regarding processing of contracting and appointments.

The screenshot shows the 'Contracting & Appointments' page. It includes a navigation bar with links like 'Products & Solutions', 'Transaction Center', 'Resources', 'News & Events', and 'Client Materials'. Below the navigation bar, there's a section for 'Carrier Appointments (19)' and 'Open Requests (0)'. A table lists carrier appointments with columns for Carrier, State, Contract Type, Contract #, Status, App. Date, and Date Verified. The table shows several entries for carriers like Abacus Settlements, LLC and Accordia Life and Annuity Company. Below the table, there are buttons for 'Get Contracted' and 'Pre-Appointments'. At the bottom, there's a note about pre-appointment states and a link to the Crump Contracting team.
