

Get Contracted—Faster and Easier

Our contracting tool is an easy-to-use, web-based tool that allows you to quickly submit appointment requests to one or multiple life insurance companies via Crump. The process begins with an intelligent, online interview that captures and saves your specific appointment application information for current and future contracting requests. Then, anytime you need a new appointment, you simply:

1. Click 'Contracting Requests'
2. Click 'Create Request'
3. Select the carrier, state(s), and product type
4. Complete the carrier requirements generated based on step three above

Your electronic forms are submitted to Crump "in Good Order," accelerating the appointment process. Best of all, there is no cost to you to use this tool, although fees for non-resident license requests may apply.

Take Control of Your Time

Using our contracting tool's fast, electronic process means you can spend less time on contracting and more time on growing your business. Key benefits include:

- Paper-free submissions eliminate the hassle of completing extensive paperwork for every carrier
- Connectivity with the National Insurance Producer Registry pre-fills much of your information
- Contracting with new carriers may be processed in a fraction of the traditional time
