

Work smarter with intelligent fillable eApps

Our eApps enable you to improve efficiency and productivity by reducing errors and producing 100% in Good Order application submissions. With your applications arriving at the carrier in good order, your case can be expedited. The bottom line: You can eliminate up to 14 days from the process¹, enabling you to sell more insurance.

What is it?

eApp is an online submission process for insurance. Unlike the Drop Ticket option, you complete the application at your own pace with the option to print it or submit electronically.

How does it work?

Once you input carrier name, product type, product, and state, easy-to-use intelligent wizard screens walk you through the process. Green “completed” checkmarks appear when fields are in good order. You can view/print the forms at any time and save/update as many times as you like. Finally, print and sign the forms or submit them electronically.

What are the benefits to you?

- Access to over 30 eApps from more than 15 leading life insurance carriers²
- An intelligent fillable form with eSignature and eSubmission
- Flexibility to interview your client and order the medical requirements on your own
- Reduce paper and produce 100% in Good Order application submissions
- Cases typically process 14 days faster¹
- Earn the same comp as a paper application, only faster

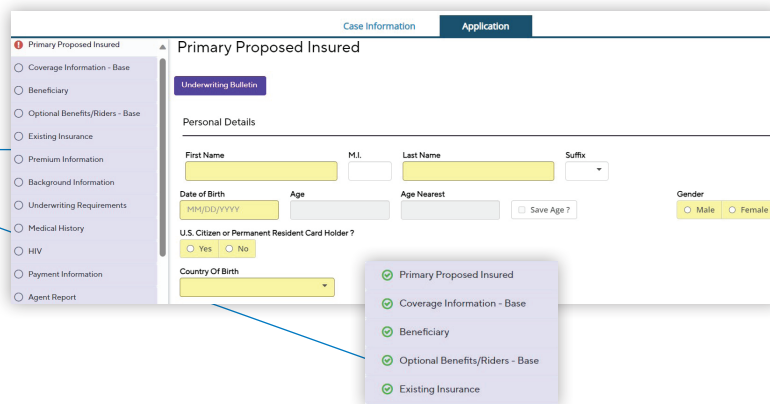

Get started...

1. Log in to your Crump website
2. Click on the Transaction Center menu
3. Click Start a New Case under Transact & Apply
4. Complete the Application Selector
5. Select eApp fulfillment

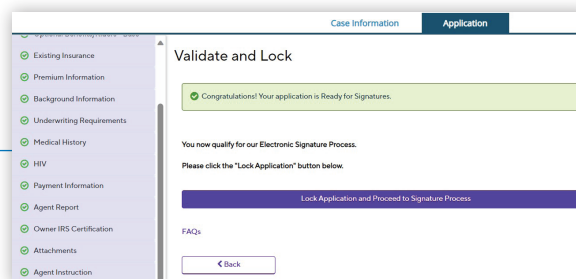

(continued)

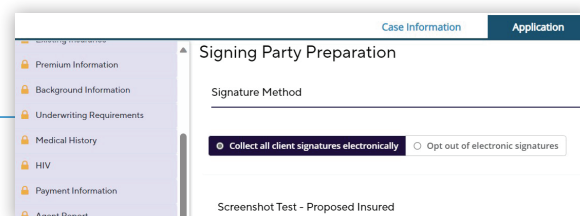

6. Complete all yellow-shaded fields until all green checkmarks are displayed.

7. Lock the application and complete the steps for eSignature.

- 8. Your client will receive the application via email to review and eSign.
- 9. Once the client eSigns, you will receive the application via email to review and eSign.
- 10. Once you sign, Crump and the carrier will receive the application for underwriting.

¹Based on average case timeframe; specific results may vary.
²Also available for some permanent and disability applications.
