The underwriting process considers many factors when determining a client's health and appropriate class. **We also offer an Expanded Standard program that allows improvement to Standard rates on Permanent products rated through Table B<sup>3</sup>.**

With a dedicated team of underwriting and actuarial specialists, the Flex Points Program is another reason that AGL remains a competitive leader in the industry.

### Questions about the Flex Points Program?

Contact your underwriting team.

<sup>1</sup> Where applicable by plan and state approval. If "Standard Plus" is not available for the plan, the client must meet PNT guidelines to qualify for better than Standard rates.

<sup>2</sup> Special conditions may apply. Certain Flex Points vary by age and credits may not be available for tests performed on younger individuals. All credits have additional requirements and time frame criteria required before they can be used to improve a rating. Consult with your AGL underwriters for details.

<sup>3</sup> Flex Points and Expanded Standard can be combined, but the best possible offer using both can be no better than Standard rates.
